

Indo Rama to double production

Polyester giant, Indo Rama Synthetics (India) Ltd was all set to double its production with an additional investment to the tune of Rs 850 crore, by early next year. From the present 800 tonne per day (TPD), it would touch more than 1 600 TPD, according to chairman-cum-managing director Omprakash Lohia. On an annual basis, the capacity will increase from three lakh tonne per annum to six lakhs tonne per annaum, Lohia told a select group of reporters at factory site on Wednesday.
