Notes:

2(a) The Company's business comprises of Polyester products, which had been highly competitive resulting into losses in the current as well as previous period(s) but over the period the demand and supply in the industry has balanced, resulting in improved plant operating rate. This has resulted in improved profit margins in the industry. The Company has also taken several initiatives to improve its operational performance in terms of specialty products, cost control initiatives and addition of new customers. The Company has secured additional working capital funds to ease the liquidity position and improve the capacity utilization. Based on the above, the Company believes that the profitability will improve over the next few years. The Company is confident that the deferred tax assets carried at the end of the period is fully recoverable.

(b) The Company incurred a net loss of ₹ 32.68 crores and ₹ 61.93 crores respectively during the quarter and six months ended 30 September 2018 and, as of that date, the Company's current liabilities exceeded its current assets. Also, there were certain delays in discharging obligations at the relevant repayment dates. The plant was underutilized and under utilisation of plant capacity was mainly due to paucity of working capital funds and due to change in the macro economic scenarios.

To improve working capital position and improve its operational performance, the Company has taken the following steps:

- (i) subsequent to year ended 31 March 2018, the Company has obtained funds from non-banking finance company.
- (ii) continued focus on debtors invoice collections, keeping inventory levels at a minimum.
- (iii) continued focus on cost containment in all areas of business.
- (iv) undertaken a programme to continue to monitor the Company's ongoing working capital requirements and minimum expenditure commitments.

As a result of the above matters, the management is of the view that the Company will continue as a going concern and, therefore, will realise its assets and liabilities and commitments in the normal course of business. The management remain confident about the successful achievement of projected targets and therefore no adjustments have been made to these financial results relating to the recoverability and classification of the asset carrying amounts or the amounts and classification of liabilities that might be necessary should the Company not continue as a going concern.

3. Revenue from operations for the quarter and six months ended 30 September 2018 and quarter ended 30 June 2018 is net of Goods and Service Tax (GST) which is applicable from 1 July 2017. However, revenue for the periods upto 30 June 2017 (included in figure of six months ended 30 September 2017) was net of Value Added Tax (VAT) but inclusive of excise duty. Accordingly, the revenue from operations for the quarter and six months ended 30 September 2018 are not strictly comparable with the quarter and six months ended 30 September 2017 presented in those financial results. Similarly, excise duty expense is also not comparable.

4. The above financial results were reviewed by the Audit Committee and taken on record by the Board of Directors in its meeting held on 10 November 2018.

5. The Company's primary business segment is reflected based on principal business activities carried on by the Company. As per Indian Accounting Standard 108, Operating Segments, as notified under the Companies (Indian Accounting Standards) Rules, 2015, the Company operates in one reportable business segment i.e., manufacturing of Polyester goods and hence, considered as single geographical segment.

6(a) The Company has carried forward insurance claim recoverable amounting to ₹ 32.44 crores and interest receivable amounting to ₹ 11.69 crores thereon recognised upto June 2012 awarded in favor of the Company by the Arbitrator Tribunal. Currently, the case is pending with Delhi High Court.

(b) The Company has further recognised an interest of ₹ 18.25 crores from July 2012 onwards to 30 September 2018 on the insurance claim recoverable referred to in 3(a) above. Out of this, during the quarter and six months ended 30 September 2018, the Company has recognised an interest of ₹ 0.73 crores and ₹ 1.46 crores respectively (for the quarter and six months ended 30 September 2017: ₹ 0.73 crores and ₹ 1.46 crores respectively and year ended 31 March 2018: ₹ 2.92 crores) under 'revenue from operations', for the loss of certain assets and loss suffered due to business interruption under loss of profit policy relating to fire incidents at its plant in 2007-08. As legally advised, the Company is of the view that the amount recognised is fully recoverable. This is in line with accounting treatment adopted in the previous periods.

7. Exceptional items in the year ended 31 March 2018, ₹ 7.36 crores incurred towards fees as per provisions of foreign trade policy.

8. Contractual manpower cost in quarter and six months ended 30 September 2017 and year ended 31 March 2018 amounting to ₹ 4.20 crores, ₹ 8.70 crores and ₹ 14.63 crores respectively have been regrouped from employee benefits expense to other expense to provide more relevant information.

To the Board of Directors of Indo Rama Synthetics (India) Limited

1. We have reviewed the accompanying statement of unaudited financial results ("Statement") of Indo Rama Synthetics (India) Limited (the 'Company') for the quarter ended 30 September 2018 and the year to date results for the period 1 April 2018 to 30 September 2018, being submitted by the Company pursuant to the requirements of Regulation 33 and Regulation 52 read with Regulation 63(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. This Statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.
2. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures, applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. (a) As detailed in note 2(a) of the accompanying Statement, the Company has recognized deferred tax credit of Rs. 14.69 crores during the quarter ended 30 September 2018 and Rs. 31.80 crores during the period 1 April 2018 to 30 September 2018 and deferred tax asset (net) of Rs. 127.75 crores as at 30 September 2018 on the basis of future outlook of business confirming that sufficient future taxable income will be available against which these assets will be realised. In view of the losses suffered by the Company in the current as well as preceding periods, and other unused tax losses available to the Company, we are of the view that the said recognition of deferred tax assets is not in accordance with the principles of

Ind AS 12, Income Taxes. Had such asset not been recognised, the deferred tax credit for the quarter ended 30 September 2018 and for the period 1 April 2018 to 30 September 2018 would have been lower by Rs. 14.69 crores and by Rs. 31.80 crores respectively, the net loss after tax for the quarter ended 30 September 2018 and for the period 1 April 2018 to 30 September 2018 would have been higher by Rs. 14.69 crores and Rs. 31.80 crores respectively and other equity as at 30 September 2018 would have been lower by Rs. 127.75 crores.

The predecessor auditor's report on the financial results for the previous periods was also qualified in respect of this matter.

(b) As detailed in the note 6(b) of the accompanying Statement, the Company has recognized interest income of Rs. 0.73 crores and Rs 1.46 crores during the quarter ended 30 September 2018 and during the period 1 April 2018 to 30 September 2018 respectively and Rs. 16.79 crores in the earlier periods in the books of accounts of the Company on the insurance claim recoverable by the Company from an insurance company for the loss of certain assets and loss suffered due to its business interruption at its plant in the year 2007-08. The recognition of this asset which is contingent in nature, is not in accordance with the accounting principles stated in Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets. Had such asset not been recognised, the net loss after tax for the quarter ended 30 September 2018 and for the period 1 April 2018 to 30 September 2018 would have been higher by Rs. 0.73 crores and Rs. 1.46 crores respectively and other equity as at 30 September 2018 would have been lower by Rs. 18.25 crores.

accompanying Statement, the management is of the view that the going concern basis of accounting is appropriate. Our report is not modified in respect of this matter.

6. We draw attention to note 6(a) of the accompanying Statement which describes the uncertainty related to the outcome of the lawsuit filed by the Company against an insurance company regarding certain insurance claims made by the Company. Basis legal advice received and the previous judgments which were in favour of the Company, the management is of the view that no adjustments are required to the amounts recognised as recoverable in these financial results.
