Editor's Synopsis

Q1 FY17 Results (Comparisons with Q1-FY16)

New Delhi, 31st August, 2016: Indo Rama Synthetics (India) Limited, India's largest dedicated polyester manufacturer, today announced its unaudited results for the quarter ended June 30, 2016.

For the quarter ended June 30, 2016, the Company's net revenues stood at Rs.647.14 crore as against Rs.642.48 crore in the corresponding quarter of the previous year. The operational EBIDTA for the quarter stood at Rs.3.95 crore as compared to Rs.32.54 crore for the corresponding quarter in the previous year. The Company has reported a loss of Rs.16.56 crore during the quarter ended June 30, 2016 as compared to net profit of Rs.5.86 crore in corresponding quarter of the previous year.

The sales volume for the quarter increased to 84470 tons as compared to 79088 tons in the corresponding period of the last financial year, reflecting an increase of 6.81% on quarter on quarter basis. Moreover, increase in price of cotton since April 2016 bodes well for the Polyester industry.

Reflecting on the Company's performance, Mr. O. P. Lohia, Chairman & Managing Director, Indo Rama Synthetics (India) Ltd. said, "The government's recent initiatives for the Textile sector places us in a better position and will provide a growth to our business.

Prices of Man Made Fiber (MMF) move in line with the cotton yarn prices. While cotton prices have started to move upwards from May 2016 onwards, the polyester prices are yet to see the corresponding rise, which is expected in near future. This escalation in the cotton prices has opened opportunities for MMF producers".
